Once again, we have a Class A gaming license. Tickets will be \$10 each and there will be 10,000 tickets available for sale. Clubs will receive back 35% of their total ticket sales or \$3.50 per ticket sold. *There is also an opportunity to win a \$1000.00 cash prize*, for the club that sells the most tickets per member. This will be calculated simply by dividing your total number of ticket sales by the number of registered members in your club. Small clubs have just as much chance of winning as big clubs!

All tickets will be sold online through RaffleNexus. Every club that participates will be listed in the 'select your club' drop-down list and get a direct 'affiliate' link. You will get credits for every ticket purchased that selects your club
