

Environmental Coat of Arms

This activity will help you raise awareness of local environmental issues and connect to you personal values and beliefs around these issues.

In the coat of arms template provided below, include the following:

1. Draw an area of the environment that is important to your community.
2. Draw an area of the environment that is at risk in your community.
3. Draw a solution that you can be a part of.
4. Draw a solution that your community can be a part of.
5. Write why this area of the environment is important to your community and write what would be lost if the area is not managed better.
6. Write what you would like to leave for future generations and write advice you have on environmental management for future generations.

My Environmental Coat of Arms
