

How to Become a Cloverbud

All Cloverbud members are registered 4-H members and must complete the club registration process. Cloverbud members are assessed the current year's club registration fees and are covered by 4-H BC's insurance.

Cloverbuds can enroll in any registered 4-H club that is offering the Cloverbud project. This may be a community club with several projects or a specialized club just for Cloverbuds.

Contact 4-H BC to find Cloverbud clubs in your area.

Starting a Cloverbud Club

If you're interested in starting a club in your area, you will need to become a registered 4-H leader. Contact 4-H BC for more information.

There are two options for starting new Cloverbud groups:

1. Join an existing 4-H club as a new leader guiding the Cloverbud project.
2. Start a brand new Cloverbud club as long as you have a minimum of 6 members.

Cloverbud units have their own easy to follow guides and activity sheets.
